Whakamaru School Mission Statement:

To educate all children to become life-long learners which develops and celebrates talents and abilities.

Principals message

Tēnā koutou ngā whānau o te kura o Whakamaru.

School Hangi, thank you to all those who have donated items for our School Hangi next Tuesday. We are asking that all these items be sent to school by next Monday so we can start to prepare the food for our big day. We will be looking to light the fire at 10am to heat the stones and have the hangi in the ground by 12:30. We will be serving our hangi at 6pm in the Whare Maanaki and hope you will all be present to share our hangi with us.

We are looking forward to going to the **Taupo Ripper Rugby Tournament** tomorrow. This was postponed due to last weeks weather.

Pinelands Winter Sports Day in Mangakino was also postponed due to the grounds at Mangakino being swamped due to the rain making it dangerous to move between sporting events.

Our teachers have been busy preparing reports or our **Student Lead Conferences interviews** in week 9—Monday 24 & Tuesday 25 June. This gives our students a chance to share their progress and learning goals.

We are slowly collecting numbers for our **Snow Trip** Term 3. This is an overnight trip for 20 students and 10 adults. Cost for the overnight stay is \$25 each this includes food but does not include ski or snowboard hire. We will be staying in the Memorial Ski Hut, a cabin on Mount Ruapehu. More information will be put out this week for our Year 4-8 students.

As we move into winter and cold weather please be aware of the spread of illnesses especially sore throats and rheumatic fever. Check page for more information.

PTA reminder about the Pie Orders due in this Friday. Please let us know if you need another order form and we will send one home with your child. Quiz night organise a team for a night of fun and laughs see the flier attached.

Regards
James White

closing date is Friday 14 June.

SORE THROATS

Did you know that sore throats can lead to a serious permanent disease called **RHEUMATIC FEVER**.

What is ?

A serious preventable disease that can cause permanent heart damage.

What causes rheumatic fever?

Strep throat (group A Streptococcus). This starts with a sore throat, but weeks later it may lead to joint pain, tiredness, fever or jerky movements. Heart damage can develop immediately or within a few months.

How do I know if it is a Group A Strep bug?

You can only tell from getting a throat swab. If a child has a sore throat take them to get a free swab done at the GP, pharmacy, pathlab or after hours accident and medical centres.

How can I prevent rheumatic fever?

If the throat swab is positive for Strep throat you will be given a course of antibiotics. If you take the full course of antibiotics it will stop Strep throat developing into rheumatic fever.

Is Strep throat contagious?

YES and is spread through sneezing and coughing. To reduce spreading Strep A you must cover your mouth and wash your hands after coughing and sneezing.

Who is most at risk?

children between 4 and 19 years old.

Maori and Pacific children.

People who have had family with rheumatic fever.

People who share a house with lots of other people.

REMEMBER TO GET SORE THROATS IN CHILDREN CHECKED
