Whakamaru School Mission Statement:

To educate all children to become life-long learners which develops and celebrates talents and abilities.

Principals message

Tēnā koutou ngā whānau o te kura o Whakamaru.

I am happy to report that from our mid-year achievement data from our main curriculum subjects reading, writing and maths we have seen progress from all students in their learning. Most have accelerated in writing with the remainder of students making steady progress. While some have made progress we still need to give them additional support to continue to make further progress. This trend is similar in the other main curriculum areas. Fantastic effort from all our students and whanau for continuing to support student learning,

On Thursday 8 August we visited Apanui School (Whakatane) to help us to gain clarity around the direction of our school and the positive affects of a "Learning through play" model. Apanui have been on this journey for the last four years and have made huge strides in the way students learn. This visit opened our eyes to the effectiveness and the delivery of learning in this environment and that our junior school has been able to develop their structures to help students learning. This model helps grow creative thinkers and improves enthusiasm in learning which we witnessed in abundance at Apanui.

Reminder this Friday is our big "Pinelands Cross Country" We understand that everyone is busy with calving etc so have a timetable added to this newsletter indicating race times. We will try to run these races on time so you can make your child's race if possible.

Pinelands 7s Rugby this event could be moved out to the last day of the term. I will confirm this as soon as possible.

I am wanting to develop our school vision and mission statement to the uniqueness of our fantastic school and area that our students can own. So will be sending out a small survey on survey monkey through our Facebook page and Skool Loop to gain your thoughts. I would love to get your thoughts.

Congratulations to the Whakamaru Storm soccer team for making the finals of the 10th Grade Soccer competition. The final will be played this Saturday at Strathmore Park Tokoroa.

Thank you to all those who have already indicated they would like to enter the "Heaviest Calf Competition." We will get the tags out to you as soon as they become available.

Regards
James White

Junior School

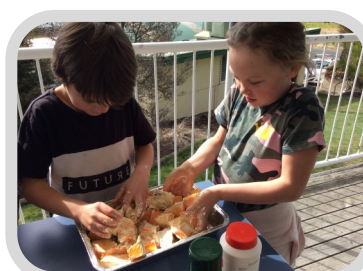

Last Thursday the Junior School prepared and cooked a roast meat and vegetable lunch.

The students had to work together to assemble and light the coal BBQ. They also had to season and prepare the roast mutton and vegetables (carrots, parsnips, pumpkin, kale and spinach).

This day of cooking meant that they had to read instructions and recipes. They also had to help calculate timeframes needed to heat the BBQ, cook the meat and vegetables so that it could be eaten by lunchtime.

Students were focused on developing their collaboration, communication and thinking skills. They were also very good at practicing safety skills when lighting the BBQ and cutting the vegetables.

All of their efforts produced a delicious meal which they enjoyed eating.

MATHS WEEK WINNERS—questions & answers

Monday—Nevaeh Coughlan

Dad measured Tui's height on her 4th birthday and again on her 8th birthday. Aged 4, Tui was 98cm tall, aged 8, she was 122 cm tall. How much did Tui grown in 4 years? What is Tui's average growth per year?

Answer—Tui grew 24cm in 4 years. Average growth was 6cm

Friday—Syfia Mohammad

The Toyota car factory makes 7,736 cars a day. It makes 1,372 more cars a day than the Honda car factory. a) How many cars does the Honda factory make each day?

6,364 Honda cars made.

b) If the Honda factory sells 3,459 cars today, how many cars will the Honda factory have left?

2,905 cars would be left.

Tuesday—Natalee McCormack

Toni is selling caps for the basketball club.

Week 1	
Week 2	
Week 3	
Week 4	???

The picture shows the number of caps that Toni sold during the first three weeks. How many hats must Toni sell in week 4 so that the average number of caps that she has sold per week is 7?

Answer 10 hats to make sure that there were 7 hats sold each week.

Wednesday—T'Keyha Heta-Haora

Sandra read 5 books, Deacon read 6 books and Breanna read 7 books. One book was read by all three children, but every other book was different. How many different books did the children read?

Answer—The children read 15 different books.

Thursday -Leyland Unkovich (Wyatt accepted the prize on behalf of Leyland)

On Monday, Sam, Sonny and Sylvia share some lollies that they've been given. Sonny was given twice as many lollies as Sam. Sylvia was given three times as many lollies as Sam. They are given the same number of lollies each day up to (and including) Friday. If Sylvia got a total of 18 lollies on Tuesday and Wednesday, how many lollies did Sonny get for the whole five days? How many lollies would Sam need to get on Saturday if he wanted to have 39 lollies altogether?

Answer - Sonny would have 30 lollies for the week. Sam would need to get 24 lollies on Saturday to have 39 lollies altogether
