

## Pet day and Flower Show

Tuesday 27<sup>th</sup> October 2020

For flower show this year the students are creating two of the following:

- **Sand Saucer Creations** (*using petals to create a circular pattern*)
- **Vegetable Creations**  
(*using vegetables or fruits to make an animal/person*)
- **Unusual Containers**  
(*finding a unique container to display a bunch of flowers*)
- **Miniature Scene**  
(*using vegetation, figurines, sticks to create a scene*)

Please make sure your child comes to school on 27th October (Tuesday!) with;

- ✓ A variety of flowers and leaves (different shapes, sizes and colours)
- ✓ Vegetables and fruits
- ✓ Toothpicks
- ✓ Knife (named!) for cutting vegetables and fruit
- ✓ Saucer or small bread and butter plate
- ✓ Unusual container (*if they choose to do this activity*)
- ✓

If you are able to bring extra flowers, which could be shared with other children in the class, this would be greatly appreciated. Children will be working hard on their creations and we would love you to come and view this.

- **Decorated Biscuit** - if your child wishes to enter this category then they need to decorate a round biscuit at home and bring it to school on the Tuesday of the Pet Day

The student council will be judging these categories, in each of the classrooms, at 11:00

Those children bringing pets need to have them at school **at 11:00am**. **The pet judging starts at 11:30am**. Please make sure animals are suitably restrained: dogs on leashes, cats in cages etc...

***Also please be aware there will be no school lunches on Tuesday as our PTA will be running a sausage sizzle and cake stall. Otherwise please provide your child with their own lunch for the day.***

We are looking forward to seeing you share this fun morning with us.

Thanks,

Whakamaru Staff
